

HSEQ Policy Statement

Qatar Petrochemical Company (QAPCO) Q.P.J.S.C., as a major petrochemical producer, fully acknowledges its responsibility for sustainable development by minimizing the health, safety, security and environmental risks related to its operations and products. QAPCO considers Health, Safety, Security, Environment & product Quality (HSEQ) as essential priorities embedded in the corporate strategy, driving business decisions, and fundamental for our long-term success.

QAPCO is committed to the *Responsible Care Guiding Principles*, as delivering HSEQ performance excellence, for the benefits of all our stakeholders, through effective *HSEQ Management Systems*, is what we strive for.

Accordingly, QAPCO has based its HSEQ policy on the following principles:

1. Comply with applicable laws and adhere to regulations adopted by QAPCO.
2. Operate in an ethical, safe and environmental responsible manner that prevents personnel injuries, process safety events & minimize the HSEQ risks to the level that is *as low as reasonably practicable* (ALARP).
3. Continually identify, reduce, and manage HSEQ risks with *Process Safety Management* (PSM) & HSE-IMS at all levels of the organization and ensure necessary support for our employees to carry out their responsibilities in the safest way.
4. Foster a safety culture where everyone is consulted and encouraged to participate towards the shared commitment of sustaining a safe work environment. Placing emphasis on the competencies, training and skills development of our employees is key. As Health, Safety and the protection of the Environment in the workplace is everyone's responsibility, individual HSEQ performance evaluation is an integral part of appraisal and rewards.
5. Drive continuous improvement of our HSEQ performance and customer satisfaction by establishing, updating and monitoring meaningful HSEQ measures, programs and targets.
6. Reduce our environmental footprint, increase energy efficiencies and ensure optimal use of resources, to contribute to sustainable development.
7. Report transparently our HSEQ performance to our stakeholders.
8. Promote dialogue with our stakeholders about our products and operations.
9. Be a responsible corporate citizen that creates social value for our stakeholders and that engages effectively with the community, for a sustainable future.

Dr. Mohammed Yousef Al-Mulla

Managing Director & CEO
